Outlays	51,125	58,619	61,287

The 2011 payment to the Military Retirement Fund includes funds for the amortization of the unfunded liability for all retirement benefits earned by military personnel for service prior to 1985. The amortization schedule for the unfunded liability is determined by the Department of Defense Retirement Board of Actuaries. Included in the unfunded liability are the consolidated requirements of the military departments to cover retired officers and enlisted personnel of the Army, Navy, Marine Corps, and Air Force; retainer pay of enlisted personnel of the Fleet Reserve of the Navy and Marine Corps; and survivors' benefits.

The 2004 National Defense Authorization Act (P.L. 108-136) created additional benefits for certain retirees who receive disability compensation from the Department of Veterans Affairs and moved the responsibility for payments under the Combat Related Special Compensation program to the Military Retirement Fund. Any additional funding requirements for retirees with service prior to 1985 will be included in this payment. The 2011 Budget also includes the additional funding required to expand this

program to include military members retired under the disability rules codified in Chapter 61 of Title 10 of the United States Code.

Public Law 98-94 provided for accrual funding of the military retirement system and for the establishment of a Department of Defense Military Retirement Fund in 1985. The fund has three sources of income. The first is payments from the military personnel accounts, which cover the accruing costs of the future retirement benefits being earned by today's service members. The second source is interest on investments of the fund. The third source is made up of two payments from the general fund of the Treasury. The first Treasury payment covers a portion of the accrued unfunded liability for all the retirees and current members who had earned benefits before the accrual funding system was set up. The second Treasury payment covers the liability for concurrent receipt of military retired pay and disability compensation paid by the Department of Veterans Affairs. This benefit was added in the 2004 National Defense Authorization Act. The 2011 Budget proposes expanding this benefit to service members retired under the disability rules codified in Chapter 61 of Title 10 of the United States Code.

The status of the fund is as follows:

Public Law 106-398 provides for accrual funding for health care to Medicare-eligible retirees. The statute establishes an accrual health care fund which has three sources of funding. The first is contributions from employing agencies, which cover the liability for future benefits accruing to current service members. The second is an annual payment from the general fund of the Treasury on the accrued unfunded liability, and the third source is income from the investment of fund balances.

The 1985 Defense Authorization Bill, Public Law 98-525, provided for the accrual funding of certain education benefits for active duty military personnel under the authority of Chapter 30, Title 38 U.S.C., and to selected Reserve personnel under the authority of Chapters 1606 and 1607, Title 10 U.S.C. Public Laws 100-48 and 108-375 made this program permanent. The fund is financed through actuarially determined Government contributions from the Department of Defense military personnel appropriations and interest on investments. Funds are transferred to the Department of Veterans Affairs to make benefit payments to eligible personnel. The status of the fund is as follows:

The American Battle Monuments Commission is responsible for: the maintenance and construction of U.S. monuments and memorials commemorating the achievements in battle of our Armed Forces since 1917; controlling erection of monuments and markers by U.S. citizens and organizations in foreign countries; and the design, construction, and maintenance of permanent military cemetery memorials in foreign countries. Of the \$64.2 million requested for 2011, \$3.5 million will be used for the construction and installation of Vietnam War battle maps at the Honolulu Memorial. The Commission has 409 full-time equivalent (FTE) civilian employees to manage and support the annual investment in maintenance, infrastructure, and interpretive projects.

The agency has a currency fluctuation account that insulates its appropriation's buying power from changes in exchange rates. At the current exchange rate, ABMC would require \$20.2 million to offset foreign currency fluctuations. In 2009, "such sums as may be necessary" language was enacted for this account. The Commission will continue to estimate and report its Foreign Currency Fluctuation Account requirements.

The 1991 Defense Authorization Act, Public Law 101-510, created an Armed Forces Retirement Home (AFRH) Trust Fund to finance the AFRH-Washington and the AFRH-Gulfport Homes. The homes are financed by appropriations drawn from the trust fund.

The AFRH Fiscal Year 2009 Performance and Accountability Report displayed the significant progress of the AFRH over the past five years.

The Gulfport Home is being rebuilt at a cost of \$240 million as a result of Hurricane Katrina. The project is within funding and the target completion date of 2010 remains on track. AFRH received \$5.6 million for the planning and design of the Scott Project in 2009 and an additional \$70 million from the Trust Fund in 2010 for completion of the Project, which will create better living conditions for residents; promote aging in place; and bring AFRH resident facilities in line with the Americans with Disabilities Act (ADA), fire codes, and other building codes.

The AFRH provides, through the Armed Forces Retirement Home-Gulfport and Armed Forces Retirement Home-Washington, residences and related services for certain retired and former members of the Armed Forces. The agency's annual operating costs will increase by more than \$7 million in 2011. This growth is associated with Gulfport's new 660 thousand square foot facility, which will have almost 600 beds and provide numerous services to its retirement population. As residents move back into the Gulfport Home, the Washington Home resident population will temporarily decline as the Scott Project is rebuilt. The net average number of members receiving domiciliary and hospital care are shown below:

	2009 actual	2010 est.	2011 est.
Domiciliary care	775	775	924
Hospital care	202	202	235
Total members	977	977	1159

Operation and maintenance.—Funds requested will provide for contractual services, necessary operating supplies and equipment, and personnel.

Administration.—Provision is made for determining eligibility for burial; management of Arlington and Soldiers' and Airmen's Home National Cemeteries; and administrative support.

Construction.—A ten year capital investment plan has been developed to manage all construction, major rehabilitation, major maintenance and study efforts. The 2010 and 2011 funds will be used to continue the Millennium Project, repair roads, partially restore the USS Maine Mast Memorial, construct a facility maintenance storage building, and develop a new master plan.

These appropriations provide for development and conservation of fish and wildlife and recreational facilities on military installations. Proceeds from the sale of fishing and hunting permits are used for these programs at Army, Navy, Marine Corps, and Air Force installations charging such user fees. These programs are carried out through cooperative plans agreed upon by the local representatives of the Secretary of Defense, the Secretary of the Interior, and the appropriate agency of the State in which the installation is located.

The Selective Service System (SSS) continues to register men as they reach age 18, as required by law, and maintain an active database of registrant records. Should the Nation return to conscription for a national emergency, the Agency would have the first draftees at military processing centers according to the mobilization plan. The Agency also manages a program for the Nation's conscientious objectors. In cooperation with the Department of Defense, all Reserve Force Officers participating in the SSS program will remain at 175 in 2010 and 2011 to reflect readiness requirements and the Military Conversion initiative.

The SSS will continue to strengthen its partnership with the Armed Services. The Agency will continue its national initiative to offer every young man that receives a registration acknowledgment, almost two million annually, the opportunity to volunteer for the military services.

The agency is maintaining the allocation towards the upgrade of its information technology systems. A modernized information technology system will improve business processes, while helping to sustain an "all volunteer" military recruiting effort. This will ensure faster, more accurate processing, as well as more secure storage of personally identifiable information. It also will improve registration processing and enable better customer services via the Internet.

Object Classification (in millions of dollars)

Identification code 90-0400-0-1-054	2009 actual	2010 est.	2011 est.
